HENRYMEE Sept. 29, 1851.

Dz. Besneoz—Having seen the publication of your Alterative Compound, I think it my duty to say to the public, that I had been for years subject to spells of Cramp Colic, in its worst form; that I had tried almost every thing that is given by physicians, and never found any thing that would certainly reflere me, and I tried the above medicine, which has relieved me to every attack in less than an hour.
Wil. B. LLOYD.

Gilles Course. Team., Dec. 25, 1851.

Da. Branson:—I feel that I should full short of my duty to you and to these who are afflicted, were I not to further recommend your Alterative Compound. It has entirely relieved me, so that I have not had cause to take anything in two months. I can ent anything I want with impunity, and believe my health is as good as it ever is at my advanced age. Should I ever suffer from dyapensia again I shall be sure to call on you. I am very respectfully your friend.

ELIZABETH J. HARWOOD.

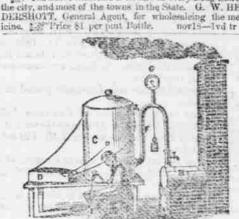

Herrsviller, Ala., August 24, 1851. This is to certify, that I had suffered for many years with Dystepsia and Discusses of the Liver. Physician after Phy-sician had prescribed for me without my receiving any benefit, when I commenced the use of Dr. Bledsoc's Alterative Compound, which curved me scornelly, and I recommend it because of the same happy effect upon othersof my acquaint ance.

JOSEPH CAROTHERS. HUNTSVILLE, Ala., March 3, 1859.

Du. Bernson:—Siz: Judging from the certificates you have already advertised, it will be almost nunccessary for me to add further evidence in regard to the healing virtues of your Compound; but I must say, that for years I suffered a great deal from Dyspepsis and enlargement of the spleen, and thought that I never would recover. I essumenced tak-ing year compound about nine weeks since, and have gained 25 or 30 pounds, and feel about as well as I ever did 25 or so pounds, and rest about as went as I ever did.

DR. FRASK'S MAGNETIC CINTMENT. A MR. WINTERS had lost nearly all of his hair and had been had for many years; by the use of three bet-iles of the Mogratic Continuous, had his now entirely recould wish. His age is about 10 years.

A son of Mr. Worren, of this form, 15 years of age, had been afficied with the Asthma from his cradle. He had the benefit of the best medical advice that a loving and wealthy father could procure, without avail. It was one of the most aggravated cases I ever saw; he was enaciated al-most to a sheleton. By the use of a law bottles of the Oint-

ment he was Coroscoligences, and for seven months past has enjoyed robust health.

This was an extreme case of inflammation of the optern, of long standing has a variety of freatment from no less than eight different playsimans, without receiving benefit—was cured by the use of only four bottles of the Magnetic Ointcured by the use of only four bottles of the Magnetic Oint-ment. This was four mouths aground the budy a Mrs. Dun-ham, it still it goed health, and able to attend to her usual household duties. There treated two cases of Chronic Socie of her with the Ointmant, both of the patients so nearly blood, as to need an attendant to lead there from place to place. One of them had been affected its veurs, the other about figures. They had tried the best physicians in the State, without benefit, and one of them had been under the treatment of the colorated Dr. Muzzy, of Cincinnati, for eighteen mouths, and had exceeded hundreds of dulless in registeen mooths, and had expended hundreds of dollars in vain efforts to effort a care. They are now by use of the Magnoire Ointment, nearly or quite cured; and are able to read and attend to any ordinary business. I have used the Ointment in a number of cases of Piles, and in no case having fittled of stream immediate relief and generally a permanent cars. I have also used it beneficially in severe cases of Eryspelas. And last but not least, I have within the last year cured four cases of CANCER by the use of the Magnetic Oistment alone!

From a thorough trial of the Ointment in nearly every disease for which it is recommended, I can confidently re-commend it to be one of the most useful remedies ever of fered to the public.

Respectfully Yours,

CORN MILL.

This Mill differs from all others in the construction of the upper or Hunning Stone, which is composed of French Eurr Blocks, enclosed in a cast iron Case, which forms the back and hoop of the Stone with a Cast Iron Eye, or Bush, than is of greater external diameter at the bottom that at the top, which is secured to the back by four boits, so that every block is in the form of a dove tail, which gives greater strength to a Stone than may other method which is required in small mills, where the stone is run with great speed, and becomes dangerous if not strongly made. It also gives any weight to a stone of small diameter that is required without having it thick or high, that makes it top heavy.

This mill is a square frame made of wood or castires, in the form of a busk, with Bridge-tree, Spindle Balance, Ring Briver, and Regulating Screw, and grinds upon the same principle as a large mill, differing only in the Runner Stone; this being of great weight enables it to grind nearer the center agreater quantity of grain with loss power than any other mill now in use. This mill is portable, and may be attached to stems, water, heree or hand power.

ALSO, all sizes of Erench Burr Mill Stones, manufactured on the same principle.

Josenb H. Burrows, of Cinciunal, is the inventor, for the same principle. loseph H. Burrows, of Cincinnali, is the inventor, for

which he obtained Letters Patent in 1892. For all infringements the purchaser will be held responsible for the right fusing.
These Mills do not require a Millright to set them up; and These Mills do not require a Millright to set them up; and all that is recessary to put them in operation, is to attach a hand to the pulley on the spindle, with a dram sufficiently large to rau a twenty-four inch Mill 240 revolutions per misute, attached to Gin, Steam, or Water Power. By the steady application of two herse power the Mill will grind six to 8 bushels per hour of good mealt and will grind wheat as well as corn. The thirty inch mill, if put to its fullest speed, will grindinom ton to affice a bushels per hour.

These mills are warranted to be in every respect as recommended.

Directions you Using .- Place your mill about 20 feet from Directions for Using.—Flace your militabout 20 feet from the Driving Pulley in a level position; make the helt of leather six or eight inches wide. Give the Stoneth revolutions a minute with the sun. Keep the neck and step of the spindle well coiled. Have the star on the back of the Running Stone, in the same way as the Cross on the Driver, that is, the way likey are trimmed to run.

TENNESSEE STATE MEDICAL SOCIETY in their resolution of May 5th. "That they shall urge upon the Legislature the passage of a Law, requiring the recopes for all these medicines to be filed," by which the members of the said society may be enabled to have all the use and benefit of them gratuitously.

The G. Co. take the liberty of suggesting to the Bakers of Nashville, to petition the Legislature, not to permit any families in the city to make their own bread, without making known the modes operandi, as such secret proceedings are injurious to the well-doing of Bakers, and ought not to be permitted. The grounds are precisely the same.
If Doctors were always infullible, there might be some justice in legislative acts to compet the public to apply to them universally, but unfortunately we have before us the Crescent City paper of the 2d of September, from which we 90 OUT OF EVERY 100 CASES OF YELLOW FEVER treated scientifically by the faculty have died, and

98 cases of every 100 treated by old reases, the non-medical members of the How and Association, and by more excessive humbers the Ho-morpathic Doctors, have been cured. Such statements as the above are injurious to the profession statements as the above are injurious to the protes-sion, for people are easily led estray, and may be induced to attach less value to Latin prescriptions and expensive Hiroglyphics, and occasionally trust to the dogmas of com-mon sense, had down in plain English, to the dragfenberg Medicines, which are warranted to do no harm, and for which no money is exacted if they do not prove beneficial.
It is well known that the

Dysentery Syrup and the Childrens' Panacea
of the Greefenberg Company, have, in two years past saved of the Greefenberg Company, have, in two years past saved 20,000 lives, from Flux and Dysentery when all other rem-

edies had fulled.

But it seems that the objection to these remedies is that 'it is an attempt to send forth incidenes without the presence of the Doctor"—who is thus deprived of the proper degree of aid and comfort that he should receive for furnishing the proscription, "Hinc illan lachryman." The Doctor and the medicine should go together, the Medical Society have so willed it, let no quack put them asunder.

This celebrated Pain Extractor has been so extensively

This celebrated Pain Extractor has been so extensively used by Physicians and the people in general, both in this country and Europe, that it is almost meedless to say any thing about it. Yet there may be some, who stand in need of its healing powers who have not rot tried it. For their sakes we will simply state what it has done in thousand or cases, and what it will do for them when tried. A VOICE FROM GEORGIA.

Read the following testimony from a Physician.

George was — Your Hebrew Plaster has cured me of painer than the configuration of the configuration of the configuration. of which I have suffered for twelve years past. During this period I fabored under an affliction of my loins and side, and tried many remedies that my own medical experience angtried many remedies that my own modical experience ang-gested, but without obtaining relief. At length I used your Plaster, and am now by its good effects entirely cared, will recommend the Jew David or Hebrew Plaster to all who are suffering from contraction of the numcles, or perma-nent pains in the side or back.

The people of Georgia have but to become acquainted with the virtues when they will resent to its use.

Messes. Scovit & Mean:—I have been troubled with the chronic rheumatism for the last tweive years. On the last of pulv 1849, I was so bad that I could not form myself in bed, and the pain so severe that I had not slept a wink for six days. and the pain so severe that I had not sept a vink for all days. At this time my attending Physican prescribed the "Habrew Plaster," and it setted like a clearing the pain left me and it slept more than half of the night, and in three days I was able to ride out. I consider the "Rebrew Plaster" the best
